Steve,

Jeff will do the Gold King Polrep and I'll do R n B and get them to you by Thursday as requested.

Elliott will be in Rico early this week.

Jan

**Subject:** Gold King mine and Red and Bonita Mine Polreps - update

Jan and Jeff;

Please prepare a Polrep for Gold King mine (initial / #1) – Removal Assessment Pollution Report, and prepare and updated Red and Bonita Polrep (#3). If your schedules permit, I would like these completed by 9/25 and if this does not work for you please indicate the next earliest date you can provide these.

Use the R n B Polrep as a template for the GK one. The R n B is more involved, so the GK will

be shorter for now. I have attached a report that will help with the background on the GK.

Call or email questions. I am in MT through Sat and then traveling to Silverton and Rico next week.

Thank you,

Steve
